A Meeting of the Sydenham Borough Council was held last evening; The President of the Sydenham Hockey Club wrote in reference to a paragraph in one of the daily papers stating that the Sydenham Cricket Club had complained to the Council of the annoyance and expense it had been subjected to by the hockey and football players in Sydenham Park. The facts, from the Hockey Club's point of view, were that they themselves had been subjected to annoyance, and their rights had been infringed by the Cricket Club.
